I'm nobody! Who are you?
Are you nobody, too?
Then there's a pair of us - don't tell
They'd banish us, you know.

How dreary to be somebody!
How public, like a frog
To tell your name the livelong day
To an admiring bog!

- Emily Dickinson

Can you feel My heart?

A gramme is always better than a damn
(Brave New World)

Today I got a 65 on a chem test. She said she's going to give a lot of extra credit for it. I hope so. I regret taking the class... I would like to drop it but I'd rather try and drop band. I'm not sure if my parents would like me dropping chem if I also drop band. I hate Ms. P for being a crappy teacher. Who the hell assigns a test we've barely prepared for, and calls it a quiz?

I went to O's house today because I had no homework. One of those ^{slow} weeks again, I guess. He got mad at me because I said I was thinking about having safe sex but I changed my mind. (I want to see research, it more. Can't trust sex Ed in Texas.) I started giving him another blow job when he said he was spoiled by the idea of having sex with me, and I was mad. Fucking sorry I wanted to be safe before I have sex! He started acting kinda of rude towards me after I turned away from him. And by rude I mean he started acting like a dick. He said, "wouldn't you be mad too if I made you horny and then didn't pleasure you?"

I... guess. I ~~wouldn't~~ wouldn't turn around and tell my partner to suck it though. I expected him to act like this when I started dating him, but I'm starting to get sick of it. I don't find the "sexy time" weird or frightening, (except having actual intercourse, which I still haven't done because I'm afraid of pregnancy, and also because I don't see the point of giving up my virginity.) I feel bored by it. Honestly I can finger myself

and orgasm that way. It doesn't feel too much different when O does it. Maybe I also don't enjoy giving him blow jobs. It's very strenuous. I feel like maybe I just have a low sex drive... I get horny but not to the point that I'm controlled by it. Some days I don't want any physical contact from O. The whole thing kind of bores me.

I'm getting sick of him. I feel like all he wants me to do is go over to his house. I get bored in general of him. His jokes are tiresome. I guess watching South Park with him is alright... and is funner to more fun to talk to than my other friends. But sigh he didn't want to go out with me to dinner tonight nor did he want to come to my house over the weekend. (Don't really blame him though). Sigh.

I'm tired. I have band practice tomorrow. 40-50% chance of rain. I really hope it rains. Please. Please. Please. Please. Please.

I fucking hate band.

I hate band.

I hate band.

I hate band.
