- Ate pizza with O [redacted] today.
- Band practice was cancelled.
- I can get 20 points extra credit for the test I flunked.

I'm a worn out sail
On the sidewalk sea

I'm in love with you - Steve Forbert.

I feel like a terrible person, but I love F [redacted]. That's why I don't feel as happy with O [redacted] as I should. I also hate F [redacted] for that. I don't even want him right now since he exists through the internet.

Yet here I am.

If we didn't play that game of truth or dare, I wouldn't be feeling this way. He unearthed my feelings and now I can't bury them.

He's also I also just like him a lot better than O [redacted]. He's smart, funny, sarcastic, I tell him everything, and he always

supports me and tries his best giving advice.
He can also be really sweet, although he'll never admit to it.

I'm so tired.

- End of 6 weeks
- F saw a movie
- Got a good grade in band
- Marching band is over
- I wasn't caught skipping the last game.

Yay more on F,

I feel guilty for liking him, even though it kind of wasn't my fault. We played truth or dare (never play that game) and my feelings unraveled. O deserves better than this.

F doesn't even love me. I don't even want to like him, but I can't get rid of him. I want to scream at his ~~th~~ in his stupid fucking face. I really do. I want to be completely reckless and break away. I can't take it much longer.

I doubt he'll ever accept me anyway.
He & Before he met me about a year and a half ago, he knew a girl named D online. For her within two months. (Fucking & D = 5) They both loved each other.

This isn't the full story with De, he alluded to some sexual foul play on his part years later. I'll never know the details.

Did sext each other a bit. Then she left him broken-hearted after threatening suicide (didn't actually happen. And now he is super depressed because of this whole damn thing. Fucking come on, ~~you~~ give me a break? You're going to start slicing your arms over that? Look at all the shit I've been through. I've had that happen to me (M) + cancerous mom + autistic brother + bullying and I have yet to make some suicide attempt or harm my self.

Cry baby, God damn crybaby. You need to get hurt in order to grow. Stop crying over yourself.

Maybe it would be best if I got away from him a bit. I've tried leaving for him before but I always come back. I'm just so weak. If I lose him I only have O to hold on to. But... I think it's arguable for now to that he may be causing more harm than good. I will try again to push him away. I'll be more aggressive this time, because he is hurting me and my relationship w/O.

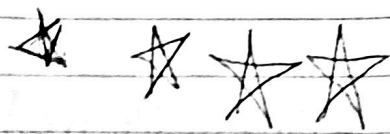

Yeah I was a raging, self-centered cunt. This was during a time in my life where I was used to never being in the wrong about anything. People did not see this outside of this journal though.

"I will survive"
~ Gloria ?

My rage here was me trying to protect myself, but it won't leave these pages until years later. I still think I handled it terribly.

I'm often disgusted by what I've written in here.

Why did he choose to be intelligent?

~~Teacher @ academy discovered that he is a genius~~
